III. DESCRIPTION OF FINDINGS & CONCLUSIONS

A. Physical Description of Facility

The facility is a sports complex located on 21 acres of land in a suburban area of Grand Rapids. The sports complex is a member oriented fitness center which includes both indoor and outdoor fitness, athletic, and recreational areas. The outdoor camp area includes a large group meeting space, bathrooms, athletic fields, basketball, volleyball, tennis courts, a play structure, arts and crafts building, and large swimming pool area with waterslide. The area meets compliance with licensing rules.

B. Program Description

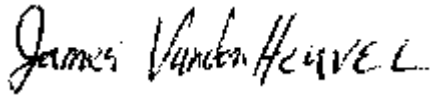

The camp provides care and supervision for children between the ages of 5 and 12 years of age during the hours of 9am-3pm Monday thru Friday. Parents/guardians may register their children ~~for~~ anytime during that period. The activities that are provided include arts/crafts, field games, sport play, cooperative activities, swimming, and waterslide. The campers are supervised by adult staff with some minor staff for support. The camp program only includes onsite activities with themes throughout the summer to add variety. The staff are trained in proper supervision, behavior management, child protection, and program development for age groups. Plans for emergencies, rain, and regular camp operations meet licensing rule compliance.

C. Rule/Statutory Violations

The camp Site and Program are in substantial compliance with applicable statutes and administrative rules.

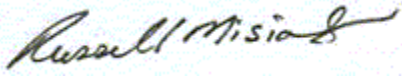

IV. RECOMMENDATION

I recommend issuance of a provisional Site and Program license to this child camp - day.
