08/26/2025	Contact-Document Received

IV. Description of Findings and Conclusions

On 8/26/25, the department received a written request from Ann Arbor Public Schools strings specialist and camp administrator, Reid Smith requesting a increase in the capacity of the children's camp program license (CR280303547). The request read "*We are currently licensed for 999 campers and exceeded our size with a total of 1026 campers this year. We have been granted the opportunity to add 200 beds, or approximately 15 cabins per week which includes 2 toilets, 2 showers, and 3 sinks per cabin*." The request included a letter from the Interlochen facilities supervisor, attesting to the request.

On 4/6/2026, I reviewed the Bureau Information Tracking System (BITS) database listing the capacity for the children's program license CR280303547 at 1000. In addition, the database search revealed the camp program licensee operates at Interlochen Arts Camp (SR280200065) which has a listed capacity of 1784. The capacity of site licensee contemplates the approved sleeping quarters for campers and supervising staff. The program licensee is requesting a capacity of 1200 which allows for adequate number of supervising staff and campers to be housed in approved sleeping quarters.

V. Recommendation

I recommend the capacity terms of this license to be modified from 1000 to the approved capacity of 1200.
