RE: License #: SR170419287

Dear Joseph Barger:

The Camp Licensing Unit is renewing your SITE License without an onsite visit during the 2026 summer season due to your status of not operating and contingent on the findings below. A full licensing inspection will occur during your next operating season.

The following methodology is used to recommend renewal for your license:

1. Submission of SITE Renewal application and applicable fees.
2. Acceptable rating on the bi-annual Qualified Fire Inspection.
3. Environmental Health Inspection Variance approval granted or an acceptable rating on the Environmental Health Inspection within the past year.

The findings of each inspection are listed in the table below:

Description	Date	Rating
Applications and fees submitted and complete	5/17/2026	NA
Qualified Fire Inspection	4/21/2025	A Rated
Environmental Health Inspection	EHI Variance Granted: 8/18/26	Granted

An unacceptable rating (rating of C or D) on the Qualified Fire Inspection and/or Environmental Health Inspection requires a corrective action plan to be written within 15 days of receipt of this letter.

Please contact me with any questions. If I am not available and you need to speak to someone immediately, please contact the Camp Licensing Unit at 833-665-8116.
