12/17/2024	File Review

IV. DESCRIPTION OF FINDINGS AND CONCLUSIONS

On 1/23/24, the department received an email from license designee Pete Aerts. The email read in part "we recently added a multipurpose building to the park and would like to increase our capacity from 40 to 50 campers."

On 6/27/24, I conducted an onsite inspection of the campsite. I reviewed the indoor and outdoor spaces, and bathrooms available at this day camp. Southside Park is a three-acre park on the eastside of Kalamazoo. The park includes a covered pavilion, playground, sports field, porta-potty bathrooms, basketball courts, walking trail, and a newly built 38x20 multipurpose building. I found the camps identified indoor sheltering space provided adequate space for indoor activity. The available outdoor space and bathrooms support the increased capacity.

V. RECOMMENDATION

I recommend modification of the terms of the PROGRAM and SITE license capacity from 40 to 50 campers.
