IV. Description of Findings and Conclusions

On 1/7/25, The department received a written request from recreation coordinator, Liz Walker-Kreutziger to increase the capacity of the day camp and campsite from 60 to 100 campers.

On 1/29/25, I conducted an onsite inspection at the camp facility address. The facility is a 49-acre township park including historic buildings, 9-hole disc golf course, gazebo, beach front area, walking trails, and other open play areas. The two buildings used as shelter for the day camp operation are the Brady building (3325 sq/ft), Lakeview Room (1053 sq/ft), and the pavilion (1200 sq/ft). The park has sufficient bathrooms to support the capacity increase.

V. Recommendation

I recommend the capacity for the day camp and campsite to be approved for the increase to 100 campers.
