RE: License #: CV390200631

Dear Camp Administrator,

The Camp Licensing Unit is renewing your PROGRAM License without an onsite visit during the 2025 summer season due to your status of not operating and contingent on the findings below. A full licensing inspection will occur during your next operating season.

The following methodology is used to recommend renewal for your license:

1. Submission of PROGRAM and/or SITE Renewal application and applicable fees.
2. Acceptable rating on the bi-annual Qualified Fire Inspection.
3. Environmental Health Inspection Variance approval granted or an acceptable rating on the Environmental Health Inspection within the past year.

The findings of each inspection are listed in the table below:

| Description | Date | Rating |
|---|---|---|
| Applications and fees submitted and complete | 04/17/2025 | n/a |
| Qualified Fire Inspection | n/a | n/a |
| Environmental Health Inspection | n/a | n/a |

An unacceptable rating (rating of C or D) on the Qualified Fire Inspection and/or Environmental Health Inspection requires a corrective action plan to be written within 15 days of receipt of this letter.

Please contact me with any questions. If I am not available and you need to speak to someone immediately, please contact the licensing unit at 517-284-9730.

Sincerely,

Jarrah Buch-Price
