Findings: This children's day campsite is a five-acre hospital-based farm with a food hub, accessible hoop house, outdoor classroom with gardens and open fields. The indoor shelter space includes a large tent (20 x 40) and indoor classroom area within the Food Hub building. The campers have access to indoor bathrooms. The farm includes gardening areas and nature exploration. The nearest hospital is Trinity Health Ann Arbor Hospital located on the same campus as the farm.

B. PROGRAM DESCRIPTION

Staff Training Plan	AGE GROUP	CAPACITY	GENDER	OPERATIONAL SEASON
Approved	From:5 To: 12	20	BOTH	SUMMER ONLY

Findings: This day camp program operated by the Leslie Science and Nature Center/Ann Arbor Hands-On Museum has the expressed purpose to promote adventure, friendship, and discovery through day camp programs. The camp provides structured activities that include STEM projects, nature exploration, outdoor recreation, interactive experiments, team building, and age-appropriate educational programming that encourages creativity, critical thinking, and appreciation of the natural world. The camp's purpose is to provide a safe, supervised, and enriched environment where campers can develop social skills, confidence, and knowledge through experiential learning opportunities. The camp operator maintains written policies, procedures, and program plans. Staff are trained in applicable camp policies, camper supervision, and safety procedures.

C. RULE/STATUTORY VIOLATIONS

The children's day camp and campsite were found to be in substantial compliance with statute and administrative rules.

RECOMMENDATION

I recommend issuance of original day camp and campsite licenses.
