	RATING
R 400.11401 High adventure activities; definition, written statement; adult activity leader.	Not Compliant

(1) The camp has accurately identified all high adventure activities that meets the definition of "high adventure activity".
(2) Develop and assure adherence to a written program statement covering all the following:
  (a) Activity leader training and experience qualifications
  (b) Specific staff-to-camper ratio appropriate to the activity
  (c) Classification and limitations for camper participation
  (d) Arrangement, maintenance, and inspection of the activity area
  (e) Appropriate equipment and inspection and maintenance
  (f) Safety precautions
(3) Conducted by an adult activity leader who has training or experience in conducting the activity.

Findings: 149(1): The site presented a safety hazard when it failed to operate using a one to ten (1:10) ratio of aquatic observers to campers after there is one aquatic observer for the first 20 campers. There was a misunderstanding on the part of the camp regarding the rule outlining the number needed. One aquatic supervisor (lifeguard) is for each 50 swimmers or portion thereof. An ADDITIONAL aquatic observer is need for the first 20 swimmers with a 1:10 ratio beyond that. The camp had more swimmers that A.O.'s and lifeguards on duty. A Corrective Action is plan is REQUIRED addressing the wording of the Aquatic Policy/swim procedures so that all staff that guard are aware of the required ratios.

R 400.11405 Certified aquatic supervisor.	Compliant

(1) The aquatic supervisor is an adult, properly trained and certified, responsible for the enforcement of safety rules and procedures governing all aquatic activity and be present during all aquatic activity.
(2) The number of aquatic supervisors needed for an aquatic activity shall be 1 certified aquatic supervisor for up to 50 campers. For more than 50 campers, an additional certified aquatic supervisor is required.
(3) Camps using MDEQ licensed public swimming pools shall verify the pool is currently licensed and in compliance with MDEQ standards for lifeguards. The camp is responsible for complying with R400.11111(number of staff) to ensure adequate supervision of campers. If pool not required to have lifeguards by MDEQ, the camp follows the standards for aquatic supervisors in subrule (2).
(4) Certified aquatic supervisor is appropriate certified as specified in the high adventure statement for each aquatic activity and standards adopted by reference R400.11103.
(5) The aquatics staff is not engaged in any activity that distracts them from their duties.

Findings: McLain Grimm, ARC LGI

AREAS OF NON-COMPLIANCE/CORRECTIVE ACTION PLAN

Areas of non-compliance notated on this report as violations, require a corrective action plan (CAP). Violations requiring a written corrective action plan are noted within the report. If you fail to submit an acceptable corrective action plan, disciplinary action may result. The written corrective action plan is due 15 days from the date this inspection report was sent and must include the following:

- How compliance with each rule will be achieved.
- Identification of who is directly responsible for implementing the corrective action for each violation.
- Specific time frames for each violation as to when the correction will be completed or implemented.
- How continuing compliance will be maintained once compliance is achieved.
- The signature of the responsible designee and a date.

Additional Comments:

As one area was not in compliance, a Corrective Action Plan (CAP) is required. The CAP must be completed within 15 days of the sending of this email or no later than September 22, 2026. Please use the CAP template attached to this report. The CAP should be sent to the Licensing Consultant, David Martin, at: martind32@michigan.gov Please consult the Licensing Consultant with any questions.

RECOMMENDATION

Based on the findings of this inspection:

Contingent upon receipt of acceptable written CAP, I recommend license issuance.
