Dear Mr. Madsen:

Attached is the Original Licensing Study Report for the above referenced facility. You have submitted an acceptable written corrective action plan covering the violations cited in the report. The study has determined substantial compliance with applicable licensing statutes and administrative rules. Therefore, a provisional license is issued.

Please review the enclosed documentation for accuracy and feel free to contact me with any questions. In the event that I am not available and you need to speak to someone immediately, please feel free to contact Janice Tribble, Camp Manager, at 517. 335-6068.

Sincerely,

Richard B. Cain, Licensing Consultant

III. DESCRIPTION OF FINDINGS & CONCLUSIONS

A. Physical Description of Facility

Pleasant Valley Bible Camp is situated on 85 acres of wooded and open fields between East Jordan and Central Lake. The camp has cabins and dormitories for campers to be housed in. Also on the property is a large dining hall on the north edge of the property along with an enclosed swimming pool in the center of the camp. A pond and mini golf are located on the east side of the camp, and a crafts cabin stands nearby a grouping of cabins. Situated on the far west boundary is a dirt track for go carts. The camp also has two chapels for worship or religious teachings, one of newer construction and an older outdoor one, hidden in the woods on a hill.

B. Program Description

The camp offers religious education, swimming, archery, arts and crafts, field sports, music, mini golf and small go carts to their campers. Campers are assigned to cabin groups who participate in various activities during the day as a cabin.

The main purpose of the camp program is to promote the teaching and preaching of the Gospel of the Lord Jesus Christ, and to provide a healthful recreational program in a Christian atmosphere.

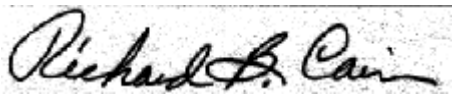

C. Rule/Statutory Violations

Rule `139 (4) **Aquatic Procedures**

Camps must have an Aquatic Emergency Plan that covers all 4 topic areas. While the camp had a plan, it only covered the topic of procedures/ drills. A plan must also address (a) accountability, (b) Evacuation and (C) Service Notification. Technical assistance was provided the camp. A CAP was requested by 6/6/2007.
An updated Aquatic Emergency Plan was received on 6/2/2007. This CAP was approved on 6/8/2007.

IV. RECOMMENDATION

Choose one:
I recommend issuance of a provisional license to this child camp - residential.
